tion, Perineal or Suprapubic-  
Prostatectomy? By C. R.  
Harry, M. D.....481

ENTERED AT SAN FRANCISCO, CAL. AS SECOND-CLASS MATTER

JUST OUT—NEW (8th) EDITION

## American Illustrated Medical Dictionary

This practical dictionary has reached its *eighth edition*, and in addition has gone through sixteen reprints—a total of *twenty-four printings* in the fifteen years since its publication.

For this *new (8th) edition* the work throughout was most thoroughly revised, so thoroughly, in fact, that it was necessary to make entirely new plates for it. Some 1500 new terms are defined, and the text matter increased by 30 pages. You get in this new edition all the new words, whether relating to serology, physiology, pathology, chemistry, bacteriology, experimental medicine, clinical medicine, any of the therapies, surgery—every new addition to medical terminology. Hundreds and hundreds of these new terms are not defined in any other medical dictionary.

### 20 IMPORTANT FEATURES

New words—1500 of them.  
Key to capitalization.  
Key to pronunciation.  
Etymology of words.  
Every word a separate paragraph; plurals  
always defined under the nouns.  
Extreme flexibility of binding.  
Anatomic tables.  
Signs and symptoms in alphabetic order.  
Methods of treatment in alphabetic order.  
Dosage and therapeutic table.

Tables of exanthemata.  
Serums in alphabetic order.  
Tests—clinical and laboratory.  
Reactions, staining and fixing methods.  
Operations—technic in brief.  
Veterinary terms.  
Dental terms.  
Medical biographies.  
Every word defined.  
Some 330 illustrations, 119 in colors—  
really an atlas.

Octavo of 1137 pages, with 331 illustrations, 119 in colors. Edited by W. A. NEWMAN DORLAND, M. D.  
Flexible leather, \$4.50 net; thumb indexed, \$5.00 net.
